Vacationing on the world's largest inland chain of lakes means you can do everything by boat! The Island View I is located a few miles from the Nicolet National Forest. This preserved forest offers over 657,000 acres of virtually untouched wilderness. Boasting crystal clear lakes, 1,100 miles of trout streams, and miles of hiking trails, the Nicolet makes your choices of activities as vast as the land itself. You are also about forty minutes from Upper Michigan's appropriately named "Big Snow Country." With lake-effect snow dumping on four ski resorts, a short drive can fulfill all your downhill skiing and snowboarding needs. Does a drive through the mature northern Wisconsin forests sound like fun? Then why not head just 30 minutes north to the border of Upper Michigan and Wisconsin. There you will find the international phenomenon know as "The Paulding Mystery Light", as well as a casino in Watersmeet, Michigan, where you can try your luck at the tables, slots or bingo.
