

# LUXURY PONTOON AND WAVERUNNER RENTALS

We are now offering two pontoon boats and two waverunners for rental to the guests at all of our vacation homes. The boats are dropped off and picked up from your property, so you don't have to begin and end your vacation with the stress that can accompany the rental of a boat. And don't worry about having to return it with a full tank of gas like most rentals. We'll take care of that for you too!

## Pontoon Boats - Capacity 10-12

We offer two types of rental pontoon boats. These pontoon boats are far superior to any other pontoon boats that you can rent on the water. We have two 20' luxurious Bennington pontoon boats, with either a 50hp or 90hp Honda four stroke outboard motor. Both boats come with extras, such as life jackets, an anchor, docking lights, a CD player, a convertible top, a mahogany tilt steering wheel, digital depth finder, and a full tank of gas.

### 2006 Bennington 2050GL | Capacity 10 | 20.5 feet long

- 2007 50 hp Honda Four Stroke outboard motor with oil injection and electronic tilt
- 10 life jackets, 1 throwable life preserver, bumpers, ropes, an anchor, buoys, docking lights, a cd player, a convertible top, a mahogany tilt steering wheel, rear padded sundeck, depth finder, and a full tank of gas and oil are provided with your rental.

### 2010 Bennington 2050GL | Capacity 12 | 20.5 feet long

- 2010 90 hp Honda Four Stroke outboard motor with oil injection and electronic tilt
- 12 life jackets, 1 throwable life preserver, bumpers, ropes, an anchor, buoys, docking lights, a cd player, a convertible top, a mahogany tilt steering wheel, rear padded sundeck, depth finder, and a full tank of gas and oil are provided with your rental.

## Waverunners - Capacity 3

We are now offering our guests the opportunity to rent top-of-the-line Sea-Doo waverunners. These watercraft are dropped off and picked up from your property, so you don't have to begin and end your vacation with the stress that can accompany the rental of a waverunner. Our waverunners have 155HP four stroke motors and accommodate up to 3 people, which allows you to pull skiers, tubes and do all other types of water sports. These personal watercraft have all the extras, such as digital gauges, a boarding ladder, watertight storage, tilt steering and cruise control, to mention a few. These new brand of waverunners are more stable than ever before and even come with a brake. That's right – a brake on water! Just like you would function a brake on a bicycle, simply squeeze the brake on the waverunner and the watercraft comes to a stop. No matter how fast you are going! They also start in neutral to prevent accidents, such as bumping docks, like most waverunners, and they have an easy to use reverse function. Just like our pontoon boats, you don't have to worry about having to return the watercraft with a full tank of gas and oil like most rentals. We'll take care of that for you too!

### 2011 SeaDoo GTX 155

- 2011 155 hp 4-TEC engine with oil injection, cruise control, reverse, and the brand new braking system. That's right – a brake on water! Just like you would function a brake on a bicycle, simply squeeze the brake on the waverunner and the watercraft comes to a stop. No matter how fast you are going!
- 3 life jackets, bumpers, ropes, buoys, can pull skiers and tubes, digital gauges, a boarding ladder, watertight storage, tilt steering, and a full tank of gas and oil are provided with your rental.
- Start in neutral to prevent accidents, such as bumping docks, like most waverunners, and have an easy to use reverse function.

### Watercraft Rental Rates:

- 2010 Pontoon Boat with 90HP Motor: \$1,200 per week/\$275 per day
- 2006 Pontoon Boat with 50HP Motor: \$850 per week/\$200 per day
- 2011 Waverunners with 155HP Motor: \$1,100 per week/\$325 per day
